

ITSO's SERVICES

IP Protection: Conducts prior art searches and provides end-to-end support for patent, copyright, trademark, and design filings.

Technology Commercialization: Assesses technologies, facilitates licensing and industry partnerships, and supports spinoff development.

IP Awareness: Delivers targeted trainings and orientations on IP, innovation, and technology transfer.

Research Support: Guides researchers in producing IP-ready outputs and strategies.

IP Portfolio Management: Oversees the protection, tracking, and policy alignment of the University's IP assets.
